

Featuring Peggy Clemens Lauritzen, AG, FOGS

With her experience as a former Family History Director, she is a frequent speaker at genealogical societies, workshops, seminars, and webinars where she loves bringing genealogy to life. Some of those would include The Ohio Genealogical Society, The Ohio State University, Brigham Young University, and many other state and local genealogy societies. She has completed several Legacy QuickGuides on Appalachia, which are available on familytreewebinars.com/peggylauritzen

Ohio Genealogical Society*

Peggy Clemens Lauritzen

Peggy Clemens Lauritzen, AG, FOGS has been involved in genealogy since before her birth. Her parents were excellent genealogists, and instilled the same love of history and family in Peggy. One of her favorite pictures is of her mother on her way to do cemetery research four days before Peggy's birth.

Schedule

Saturday, June 15, 2024
Trinity Evangelical Lutheran Church
128 S 7th Street
Zanesville, Ohio

8:30-9:00 Registration

9:00-10:15 The Old Northwest Territory; the First American West—People were often on the move, and the “new west” provided a new opportunity to relocate to a less crowded area. This lecture is a case study in locating family members who appeared in Maryland, reappeared in Kentucky without a clue as to what happened in the years between. It includes the proof needed to become a member of First Families of Ohio.

10:15-10:30 Break

10:30-11:45 Migration Trails in the Ohio—This lecture will focus on different groups that migrated to the newly-formed Ohio country and how the land was divided up as people began to settle. We will study these trails, as well as circumstances that brought people here. “Ohio fever” brought people to this western frontier state in droves. The division of the land became a pattern for most of the other land areas in the United States.

11:45-1:00 Lunch. Prepared by OGS Trustee, Deborah Deal

1:00-2:15 A Research Trip Around Ohio—Ohio was a destination place. Many ancestors were on their way to or through Ohio as they made their way westward. Ohio genealogists are often asked about the best facilities for researching when descendants return home to trace their ancestry. This presentation will highlight some of the most productive facilities when you only have so much time to spend.

2:15-2:30 Break

2:30-3:45 In A Granite Mountain: Using FamilySearch to Further Advance Your Research—This lecture will show the benefits of becoming familiar with the ever-changing web site known as FamilySearch.org. The web site is changing sometimes daily. It benefits us to become familiar with the site and learn how to get the most from its sources.

3:45-4:00 Break

4:00-4:30 Drawing, Chapter Announcements and Closing.

All Day Workshop
